Water Wall

Parete artistica con velo d'acqua a zona.
Il funzionamento del ciclo dell'acqua è controllato dall'impianto domotico per regolare e correggere l'umidità relativa dell'ambiente di questa Casa Passiva dagli interni molto "secchi".
Tecnologia dell'acqua a scomparsa nel pavimento

*Artistic Wall with section of water film.
Water cycles are controlled by home automation system, keeping relative humidity of the environment between fixed values.
A very important feature for this Passive House with deeply dry environment.
Technology lies completely hidden below the floor*

Water Wall

Parete artistica con velo d'acqua.
La tecnologia è contenuta nella vasca inox a vista.

*Artistic Wall run by water film.
Technology is contained inside the steel basin*
