metrica®  
unica®  
quadra®

Partitioning systems have simple innovative design and there are three available versions:

**unica®** - internal movable partition, used to separate work spaces; **metrica®** - internal movable partition;  
**quadra®** - storage wall. The combination of these partitioning systems can satisfy any space distribution and aesthetics. They are fully modular and can be integrated with one another producing a variety of layouts that can suit any setting. The wide range of finishes happily meets the designers' creativity to create customised solutions. The use of the new acoustic panel ensures comfort and privacy.

## metrica®

Espressiva sia nelle soluzioni in vetro che in legno, la parete unisce all'elevata funzionalità l'ampia scelta di profili e finiture. Dotata dei nuovi pannelli acustici, permette il raggiungimento di un elevato potere fonoisolante. L'attrezzabilità, l'intercambiabilità degli elementi, l'integrabilità col sistema **quadra®**, la rendono la parete divisoria più adatta a soddisfare i requisiti ambientali dell'ufficio moderno. Un prodotto dalle molteplici soluzioni, innovativo e pratico sia nel montaggio che nell'utilizzo finale.

*Expressive in both the glazed and solid versions, **lafon®**'s partitions match a wide selection of profiles and finishes with a high level of functionality. By applying the new acoustic panels, this partitioning system ensures an excellent soundproofing. The possibility to integrate **metrica®** with the **quadra®** storage wall system and with a number of accessories and modular elements makes it extremely suitable to satisfy the requirements of modern offices and work environments. This system is innovative especially in its practicality and ease assembly and use.*

**unica®**

Design minimale, leggerezza e robustezza di contenuti, in due soluzioni formali, per offrire trasparenza e luminosità. E' flessibile, integrabile con i contenitori del sistema **quadra®**, riesce a soddisfare ogni esigenza distributiva e progettuale. Grazie all'esclusivo pannello di chiusura VETROLEGNO®, **unica®** unisce alla bellezza del vetro il calore del legno. Tutto per definire l'ambiente con un sottile elemento monolitico.

*Minimal design, lightness and durability in two formal solutions to offer transparency and luminosity. A flexible design which can be integrated with the containers from the **quadra®** system, **unica®** meets every need in planning and distributing space. Thanks to the exclusive VETROLEGNO® closing panel, **unica®** adds the warmth of wood to the beauty of glass. Everything comes together to define the setting with a subtle monolithic element.*

## quadra®

Robustezza e grande capacità contenitiva, con ante cieche o vetrate. Si integra perfettamente con l'ambiente in cui viene inserita e con le pareti **unica®** e **metrica®**. Gli accessori di elevata qualità tecnica ed estetica garantiscono sicurezza e praticità. Il design sobrio ed elegante la rende adatta ad ogni allestimento, in un connubio ideale tra forma e funzione.

*Storage wall featuring large filing capacity and high stability, with solid or glazed doors. **quadra®** storage units can be fully integrated with the **unica®** and **metrica®** partitioning systems and into the office environment. **quadra®** high-tech accessories and aesthetics guarantee safety and functionality. Its attractive and sober design make **quadra®** suitable for any setting, in a unique harmony of shape and hardiness.*
