# SISSI

Designed by  
Michele Franzina e VHD Design Team

STIMEX

## EN

A multitasking chair, designed with a single layout that can be rearranged for different situations. The upper support works as a backrest, an armrest or a working surface, depending on how you sit on.

## IT

Sissi è una sedia multitasking, progettata con un unico layout che può essere utilizzato per diverse situazioni. Il supporto superiore funziona come uno schienale, un bracciolo o un piano di lavoro, a seconda di come ci si siede.
